

10/036,142via fax 703-872-9306**In the claims:**

Claim 1. (previously presented) A foot treating apparatus comprising:  
a basin adapted for accepting and containing bathing water and shaped and arranged to accommodate two human feet submerged within the bathing water;  
a footrest disposed out of the water; and

a steam generator adapted to accept and contain steamable water, to convert said steamable water into steam, and having vents disposed to direct said steam at one or both of the soles of those feet while supported on said footrest.

Claim 2. (original) The apparatus of claim 1, further comprising dry massage means disposed out of said bathing water and adapted to provide a therapeutic massage to the soles when the feet are removed from said bathing water.

Claim 3. (original) The apparatus of claim 1, further comprising a heater adapted for providing heat to warm the feet and to increase or maintain the temperature of said bathing water.

Claim 4. (original) The apparatus of claim 3, further comprising dry massage means disposed out of said bathing water and adapted to provide a therapeutic massage to the soles when the feet are removed from said bathing water.
